# INTRO

a creative portfolio

SWiM is a multimedia creative agency based out of West Lafayette, Indiana. We go by a mantra, *'individually en masse'*. Our goal is to work together in order to express the perspectives of the individual. We all have different backgrounds, beliefs, and bases of understanding. It's **SWiM's** job to make that individual feel seen, heard, felt; however they want to express themselves.

Help us help you tell your story. Whether it's your product, art, movement, or message; If we align with your values, we'd want nothing more than to express your perspective. Below we've included some of our previous works and projects to help you get a better understanding of what we're about. Thank **you**.

# OUR TEAM

Our team is composed of three individuals with different personalities and backgrounds, with a very like-minded approach towards helping our neighbors. Our education backgrounds range everywhere from film production, to organizational leadership, to electrical engineering technology. We pride ourselves on our diverse upbringings and we celebrate our collaboration of differences. And when **you** work with **SWiM** we consider you just as much a part of the team as we are.

# A PRODUCT WORTH EXPERIENCING

Take a look at our work with one of our favorite clients, *Mima's Family Restaurant*. Home of some of the most authentic and delicious Mexican cuisine in the Lafayette area.

Do you have a product that you believe in? Help us help you present that product to the world.

Our product photography packages are extremely flexible, meaning we want to find the offer that makes the most sense to you. Please reach out to **[swimindustries@gmail.com](mailto:swimindustries@gmail.com)** for further inquiries.
